**6 LEGAL IMPLICATIONS**

The report has been prepared in consultation with Legal and Compliance Departments to ensure compliance with all relevant legislations. The City of Johannesburg has legislative powers in terms of Section 11(3)(i) of the Municipal Systems Act, 2000 (Act 32 of 2000) read with Section 10G (7) of the Local government Transition Act, 1993 (Act 209 of 1993) as amended with Section 80 (B) of the Local Government Ordinance, 1939 to levy and amend Tariffs of Charges in respect of any function or service of the municipality.

It must, nonetheless, be pointed out that in terms of Section 28 (6) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) the new tariffs as proposed shall be determined in respect of the 2022/23 Financial Year and shall not be increased during the said financial year, except when required in terms of a financial recovery plan as contemplated in the Act. For that reason, it is essential to ensure that the proposed determination complies with the budgeted needs of the Council in respect of the 2022/23 financial year.

**7 FINANCIAL IMPLICATIONS**

The current rental charges in respect of Council owned residential stock shall be increased by 5.0% for the 2022/23 financial year and new tariffs shall also be applicable to all tenants, with inclusion of old age homes. The 5.0% increase in rental tariffs will have the same insignificant financial implication as the increase is in line with expected increase in running costs of Council owned rental units.

### TITLE OF THE REPORT

#### 1) Purpose of the Report:

The purpose of the report is to propose the amendment of the tariffs in relation to all categories of council owned rental stock other than Old Age Retirement units by 5.0% effective from 1 July 2022.

#### 2) Summary/background of report:

The report is in relation to the amendment of tariffs of Council owned rental units that are administered by COJ Housing Department.

Currently CoJ Housing is administering **10 536** Council Owned currently billable rental units made up as follows:

- **2020** Old Age Retirement Rental Units comprising of 1673 single units and **347** double units respectively. A double unit is a bigger unit intended to accommodate two pensioners who are married.
- **4731** units of Flats, Duplex flats and 583 Row houses. (5314)
- **3202** beds in Public Hostels.<sup>3</sup>

All categories of rental units with inclusion of the Old Age Retirement Units will be subject to inflationary increase of 5.0%.

#### 3) Project implications and report recommendations:

The proposed increase will have no significant financial implication as the increase is inflationary increase in line with expected corresponding inflationary increase in running costs of Council Owned Rental Units.

#### 4) Recommendations

It is proposed that the rental tariffs of all categories of rental residential units with the inclusion of the Old Age Retirement Village Units be increased by 5.0% in line with budget guidelines, effective from 1 July 2022.

It is therefore proposed that the Old Age Retirement Village Rental Units tariff's charges for a single unit to increase from R188.00 by R9 to **R197** and R375.00 by R19 to **R394** for a double unit. The proposed rental tariffs rates are in acknowledgement of the fact that the tenants in the retirement villages are struggling to make ends meet due to the fact that they need to priorities other debts in the midst of electricity, medical and food costs that have been rising at rates that are above the official inflation rate in the past 5 years.

#### 5) Project challenges and mitigation strategies:

The proposed 5.0% increase is intended to provide for the inflationary adjustments.

No major challenges are expected.

There is however some level of expectation from small number of tenants that municipality should rent out residential units for free or at rental tariffs that are significantly lower than current approved tariffs.

The Councilors of all wards in which Council Owned Residential Rental units are located are aware of the rental tariffs increase yearly. The reason being that they're mandatory together with the officials to inform the tenants with regards to the yearly rental tariff rates.

Furthermore they are expected to encourage tenants to pay rental payment in order to cover portion of operational costs in a manner outlined on the proposed tariffs for 2022/23 financial year.
