2 PURPOSE

For Council to note a proposal regarding the amendment of tariffs to:

- The tariff of Charges for Land Development and Building Plan Applications.
- Charges in respect of the National Building Regulations and Building Standards Act and
- Propose the determination of the Tariff of Charges for Advertising Signs In Terms of the City of Johannesburg Outdoor Advertising By-Laws and Charges and
- Miscellaneous Fees.
- Propose the tariff of charges for the issuing of certificates and the supply of Information by the Corporate Geo Informatics Department.
- The tariff of charges for the supply of information relating to the Municipal Planning Tribunal.

3 BACKGROUND

Council must undertake certain Town Planning and Building Regulations that inter alia deals with specific applications, in terms of relevant legislation. The said legislation makes provision for the recovery of administrative costs by Council by virtue of the Council charging an administrative fee. For this fee to be related to actual costs the fee is subject to an annual review.

City of Johannesburg Council 2022-03-16/17

COJ : MAYORAL COMMITTEE 2022-03-13

DEVELOPMENT PLANNING

It is proposed that the tariffs be increased by an average of 4.85% (CPI), which is in line with the short-term tariff policy of the Budget Office. The proposed increases are reflected as follows:

... (1) Annexure A:

Amendment of Tariff of Charges in respect of land development applications done in terms of the provisions of the City of Johannesburg Municipal Planning by-law 2016, and miscellaneous fees.

... (2) Annexure B

Amendment of Tariff of Charges in respect of The National Building Regulations and Building Standards Act, 103 of 1977.

It is proposed that fees be charged for ad hoc applications, in terms of Section 7(6) and 14 (1A) of the above-mentioned Act, for provisional authorization to commence building work, as well as occupancy of buildings, before the final approval of the building plans. These applications place a major additional burden on the current staff capacity. The last update was in July 2021

... (3) Annexure C

Determination of Tariff of Charges for Advertising Signs In Terms of the City of Johannesburg Outdoor Advertising By-Laws.

It is proposed that fees be charged to applicants to cover additional work to be done on amendment of an approval or a condition(s) of approval or building plan for both cell mast structures and outdoor advertising signs.

... (4) Annexure D

Information relating to spatial information supplied to the public on request by the Council. Amounts are charged in accordance with the actual costs and are subject to an annual review. The last update was in July 2021.

However, the City of Johannesburg is legally bound to comply with the Regulations made in terms of the Spatial Data Infrastructure Act (no. 54 of 2004). The Committee for Spatial Information has now been appointed by the Minister of Rural Development and Land Reform to ensure compliance with the spatial information Pricing Policy of "cost of fulfilling user request (COFUR)". Therefore, it can be noted as per Annexure "D" that it is proposed that certain charges for services and information do not escalate, some information are free of charge and that certain products as it gets older decrease in price as it gets older.

City of Johannesburg Council 2022-03-16/17

COJ : MAYORAL COMMITTEE 2022-03-13

DEVELOPMENT PLANNING

... (5) Annexure E

Information relating to the Planning Committee supplied to the public on request by the Council. Amounts are charged in accordance with the actual costs and are subject to an annual review. The last update was in July 2021.

4 POLICY IMPLICATIONS

The proposed increase is in line with the City of Johannesburg's guiding principles on the determination of tariffs in that tariffs should be equitable and affordable.

5 FINANCIAL IMPLICATIONS

Increased and determined tariffs contribute towards offsetting administrative costs and will result in an increased income, which can be related to the indicative Budget for 2022 / 2023 financial year.

6 ECONOMIC IMPLICATIONS

The tariffs proposed are in line with other Municipalities tariffs and will not have an adverse effect on the current economic climate.

7 COMMUNICATIONS IMPLICATIONS

The relevant information regarding the amended tariffs will be communicated to all role players in the manner prescribed by law.

8 LEGAL AND CONSTITUTIONAL IMPLICATIONS

The report is in line with sections 11(3)(i), 21 21 and 75A of the Municipal Systems Act 32 of 2000.

The report is also in line with sections 17(3)(a)(ii) and 22(a) 24(2)(c)(ii) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003).

It must, nonetheless, be pointed out that in terms of Section 28 (6) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) the new tariffs as proposed, once determined in respect of the 2022 /2023 Financial Year, may not be further increased during the said financial year, except when required in terms of a financial recovery plan as contemplated in the Act. For that reason, it is essential to ensure that the proposed increases comply with the budgeted needs of the Council in respect of 2022/2023 Financial year.
