### **126 AMENDMENT OF TARIFFS OF CHARGES FOR ENVIRONMENTAL HEALTH SERVICES**

#### **1 STRATEGIC THRUST**

Good Governance and Financial sustainability.

#### **2 OBJECTIVE**

The purpose of the report is to obtain approval to amend the existing/current Tariffs of Charges for Environmental Health as permitted by law and charged by the Council for services rendered for the 2023/2024 financial year.

#### **3 SUMMARY**

There is a need to revise the Tariffs of Charges where necessary on an annual basis to make provision for new tariffs due to amended legislation and to prevent a situation arising where the Council subsidises users unnecessarily as well as to ensure a uniform City-wide Tariff of charges structure for the City of Johannesburg.

##### **(1) PROCESS**

Thought was given to the following aspects when the Tariffs of Charges were revised and/or decided upon:

- (a) Users and consumers of Municipal Services should be treated equitably in the application of the Tariffs of Charges.
- (b) The amount that individual users or consumers pay for services should generally be in proportion to their use of that service.
- (c) Tariffs of Charges must reflect the costs reasonably associated with rendering the service, and
- (d) Tariffs of Charges must be set at levels that facilitate the financial sustainability of the service.
- (e) Guidelines were obtained from the finance department to increase Tariffs of Charges by at least 5.3% - existing Tariffs are therefore increased on average by 5.3% rounded off to the nearest R5.00.

##### **(2) PROPOSED TARIFFS OF CHARGES**

The following table reflects the recommended increase in existing Tariffs of Charges for Environmental Health Services:

**4 POLICY IMPLICATIONS**

These are in line with the City of Johannesburg's policies on equity and the user pays.

**5 LEGAL AND CONSTITUTIONAL IMPLICATIONS**

This report has been finalized in conjunction with Group Legal and Contracts to ensure compliance with all relevant legislation. It should be kept in mind that by virtue of Section 28 (6) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) once the new tariffs have been determined in respect of the 2023/24 Financial year, it may not be further increased during that financial year, except when required in terms of a financial recovery plan as contemplated in the Act. For that reason, it is essential to ensure that the proposed increases comply with the budgeted needs of the Council in respect of the 2023/24 Financial year.
