

Application for a high density rebate (residential properties)

01 July 2023 to 30 June 2024

Condition

The high density rebate is applicable to residential properties that are developed with a minimum density of 80 dwelling units per hectare (ten thousand square meters). The application may be submitted by the Body Corporate or the managing agents. The City's Rates Policy allows for a 5% rebate on the current monthly rates payable. The City, through its department of Development Planning may confirm that the development is according to high density requirements.
