84 APPROVAL REQUEST OF ADDITIONAL TARIFFS ON FIREARMS AND TRAFFIC TRAINING TO ENABLE NEW SERVICE OFFERING

1 STRATEGIC THRUST

The Government of Local Unit (GLU) has set 11 priorities which the IDP and SDBIP set to satisfy. The applicable priorities in this instance are Safer City and Financial Sustainability.

2 OBJECTIVE

The purpose of this report is to request the approval of new tariffs in line with the budget adjustment in 2023/24 or the next council resolution.

3 BACKGROUND

During the year 2023/24, our training academy was asked to train about three thousand (3000) Provincial Police Wardens on basics of traffic and Crime prevention. The training was carried on successfully on 250 Traffic Wardens and 2000 Peace Officers. Our Training has been packaged on full course on Traffic policing and By-Law management.

Subsequent to Gauteng Provincial Training, further requests were made to train various clients on components of our training packages.

In order to maximise the training capacity of our academy, it has been recommended to split some of these packages to individual training competency. This raised other training needs in the pipeline that are not tarified.

Technical analysis has shown the following training interest in the current year.

Table 1 shows the training courses to provided individually than the package as per requirements of customers from time to time.

No.	Training Course	Proposed Tariff In ZAR	Duration
1	Firearm training competency	6 913	2 Weeks
2	By-law training	1 038	2 Weeks
3	Traffic officer refresher course	9 620	3 Months
4	Fingerprints for vetting purposes	250	Once off
5	Miscellaneous unit standard training	1 038	2 Weeks
6	Qualification certificate	250	Once off
7	Certificate of attendance	250	Once off
